Other Overlaps:

- * **INTC (Intel):** Found in both. (SIT effectively liquidated equity but kept calls)

Whale Watch Report

? Steven Cohen (Point72)

****Overlaps:****

- * ****QQQ (via FXAIX/VTI):**** Point72 made a significant \$1.56B bet on QQQ.
- * ****Defensive Plays:**** Point72 increased positions in UNH, PEP, and GLD (User holds GLDM).

? David Tepper (Appaloosa)

* No specific high-conviction symbol overlaps identified in available summary data, but Tepper manages a macro-driven portfolio of 39 positions.

? Philippe Laffont (Coatue)

- * No specific high-conviction symbol overlaps identified in available summary data.

? Daniel Sundheim (D1 Capital)

****Overlaps:****

- * ****AMZN (Amazon):**** Found in both. (D1 poured significant capital into AMZN recently)
- * ****SPOT (Spotify):**** Found in both. (D1 poured significant capital into SPOT recently)

Conclusion

The strongest alignment is with ****Leopold Aschenbrenner (Situational Awareness)****, specifically in the ****AI Infrastructure and Power**** thesis (CORZ, BE, APLD, LITE, and Bitcoin Miners). This indicates a high-conviction overlap in the "Physical Backbone of AGI" trade.
